

Phoenix Shooting Club - Shoot Rules

- 1.** Safety is the responsibility of all Club members. Please remain aware at all times and act with due care and consideration. If necessary, remind others around you if they disregard the Club Rules.
- 2.** Only cartridges of a fibre wad construction may be used. The maximum permitted load shall be 28gms, with a maximum shot size of 6. Shotguns must be safe and in proof.
- 3.** On the sound of a horn, or by radio communication, all shooting will stop and shotguns unloaded. Shooting may only recommence when the all clear is given via radio.
- 4.** Shotguns must only be loaded within the shooting enclosure and when the shooter is ready to shoot. Semi-autos must be fitted with a visible safety device when not within a shooting enclosure. A maximum of two cartridges may be loaded into any form of shotgun.
- 5.** Hearing protection is compulsory for all shooters and spectators. The wearing of head protection and eye protection is strongly recommended and may be made mandatory at designated stands. The Club shall not be liable for any injuries sustained as a result of not wearing the required safety equipment.
- 6.** Live traps may only be attended by authorised members.
- 7.** Shotguns must be carried broken or in slips. It is recommended that shotguns are carried in slips between stands.
- 8.** Shooting must not be undertaken when under the influence of alcohol or drugs.
- 9.** Any animals on the shooting ground must be kept under control at all times.
- 10.** Minors must be adequately supervised at all times.
- 11.** If a 'misfire' should occur, keep the gun pointing downrange for a minimum of 20 seconds before opening the gun.
- 12.** Members and guest shooters must not be prohibited from the ownership or use of shotguns.
